

The largest and most popular camp program in the USA and Canada has more...

Challenger has more campers, more coaches, more great new games and practices . . .

and more **FREE STUFF!**

The English Premier League is a showcase for the world's top players and the influx of talent from all over the globe has helped reshape the way that we now play the game.

Challenger has analyzed the footwork and skills of these great players and has developed a program of training that combines the speed, coordination, and ball control that young players need to execute these skills within the game.

The Challenger Sports British Soccer Camp program will provide young players with the building blocks needed to develop the dazzling skills and quickness of feet used by players like Cristiano Ronaldo, Frank Lampard, Wayne Rooney and Theo Walcott.

Challenger's new camp curriculum will feature age specific practices covering:

- Individual Ball Mastery
- Juggling and First Touch
- Passing & Control
- Fakes, Moves and Turns
- Shooting, Chipping and Bending the Ball
- Crossing, Volleying and Heading
- Tackling and Defending

Watch the Barclays Premier League live on Setanta Sports Television

Why is Challenger the largest and most popular soccer camp in the USA and Canada?

We have developed a method of coaching that works!

Simply put, amazing coaches, awesome accents, innovative practices and a unique cultural twist combine for a one-of-a-kind camp experience!

With a full time recruitment and training program in the UK, and thousands of qualified candidates to choose from, Challenger only recruits the most talented and enthusiastic coaches who have a genuine interest in providing your players with a memorable and positive experience!

"I would like to tell you that your staff are terrific coaches and exceptional role models. The entire program was incredibly well run, the enthusiasm for soccer and the upbeat attitudes of the coaches kept the kids focused and my son and daughter can't wait until next year to join the soccer camp. The kids learned so much about being a team member, respect, having a good attitude and trying their best. We are amazed at the skill that my son acquired this past week!"

— T. Wilson, New York

When your child attends a Challenger Sports British Soccer Camp they will get more than just the best coaching available...

Challenger is also committed to developing the whole child and not just their footskills! We clearly see our role as one of guiding and influencing young minds to start making great choices in their lives and to help educate them in areas that are often easier to explain inside the sporting arena, than out.

EDUCATION

We weave key areas of character development, lifestyle choices and nutrition into all aspects of our camp program. We also throw in a healthy dose of cultural education, introducing the children to the geography, traditions and culture of other great soccer playing countries around the world.

SKILLS

Dribbling & Turning
Passing & Control
Shooting & Heading
